# MESSAGE FROM THE GOVERNING BODY

As you can appreciate this term has been a challenging period for our school. Teaching has been made more difficult with classes being split, critical worker children being in school and others being at home using our remote learning platforms.

We would like to take this opportunity to thank the Senior Leadership Team in the school and all staff for their continued hard work during these unprecedented times. The education of our children has continued to be paramount throughout and this is a testament to all our staff. Governors are fully supportive of the decisions that are being taken by the Senior Leadership Team and are assisting them when required.

We would also like to thank you, our parent's for your continued support and understanding during this time and we hope that you all have a restful half term break.
