We all know how challenging it can be to entertain and feed our children during the school holidays. We will be providing a free hot meal and fun-filled activities for families when the children are home from school during the holidays. This food club is for families with children attending primary school children (5-11) but parents and siblings (even those of secondary school age) are more than welcome to attend. All children should be accompanied by a parent or carer. Booking advisable.
