Headteacher: Mr Iain Witts

Dear Parents / Carers

## Parent Consultation Schedule

As we head towards the end of our first term together in this new academic year, we wanted to outline our plans for how Parent Consultations and further reporting points will be scheduled in the year.

We had been very hopeful that we could re-introduce face to face consultations next term, however the current climate has made that ambition very difficult which is very disappointing. Protecting the safety of our wider community is at the centre of all our decisions. I hope that you find the attached schedule a useful guide for how we work together across the year;

Event	Date	How will this work?
Parent Consultation	18 November 2021	TEAMS consultation Opportunity to discuss and review your child's targets 5 minute TEAMS call
Mid-year reports	04 March 2022	Written report by Class Teacher Updated progress on targets Information on attainment and progress across the curriculum
Mid-Year Parent Consultation	16 – 17 March TEAMS call  18 March Open classroom	2 options for parents; 1. TEAMS meeting – 10-minute session to review progress and attainment / content of report OR 2. Open classroom – opportunity to look at your child's book and chat informally to your child's teacher
End of Year reports	04 July 2022	Reports sent home to parents
Open Classrooms	08 July 2022	Opportunity to visit current classroom View your children's books

As normal, a letter detailing the organisation of each event will be sent closer to the date of each consultation point so that you can make the necessary arrangements and booking times.

In the meantime, we will look forward to meeting with you in order to celebrate the achievements of your child.

Kind regards

Iain Witts  
Executive Headteacher
