Some children need extra help to see reading as something they want to do, and to keep going when they can't see the point.

By giving a few hours a week, in a local primary school, you could make a real difference to how well children do at school, and in life.

It's not about teaching children to read, or phonics, or listening to them practise their reading.

We'll train you to set children up to succeed... sharing, talking and having fun with books to help them see the point of reading.

Make a difference to a child's life, and to yours.

I love my sessions and feel like I am having an impact on the children's love of reading and their self esteem.
