

21st April 2023 - No. 451

A message from Mr Witts, Executive Headteacher

Welcome back!

We really hope you had a wonderful Easter break.

It is great to be back and see all the wonderful smiling faces and the children in their smart school uniform.

It has been a really busy start to term, with workshops delivered by Kent Police and class photos. The children looked fabulous as they posed for the camera!

The Summer Term is always so exciting, with lots of events planned and the warmer, sunnier weather!

We are looking forward to the King's Coronation and the sports week planned for later in the term. A letter confirming both the fun run and afternoon tea for the King's Coronation will be shared with you in due course.

We can't wait to share these events with you.

Things to Remember

Year 2 – PE block week next week (24.04.23 - 28.04.23). Please ensure your child wears their outdoor PE kit to school every day.

It is very important to ensure that your child/ren bring a named water bottle to school every day. We are seeing an increase of children coming to first aid having not drunk any water all day. This can lead to headaches and dehydration.

Outdoor Learning Sessions:

Monday 24th April - 2H
Tuesday 25th April - 2S
Thursday 27th April - 5R
Friday 28th April - 5F

Please ensure your child has a named waterproof coat and named wellies.

School News

UK Alert Warning - KS2 children have been discussing in class today about the UK alert warning taking place on Sunday 23rd April at 3pm. (Please see attached flyer for more information).

Year 6 Leaver's are holding a Cake Sale on Friday 28th April from 3.15 under the gazebo in the playground. If the weather is unkind the cake sale will be held in the Pavilion on the field.

Year 5 and 6 were fortunate to have an engaging workshop to promote digital awareness and online safety. The children thoroughly enjoyed working in teams to write, rehearse and record a podcast in order to make other children and parents aware of cyberbullying and giving them advice on how to keep them safe online.

In today's workshop we learnt our 7ps - Passwords, profile, personal information, Posts, Phishing, protect and parent/carers.

We learnt what it means to bully and to keep safe.

Today has helped me to understand more about online safety and healthy relationships.

We learnt a lot about the 7 p's - Passwords, profile, personal information, posts, phishing, protect, parents/ carers.

We also learnt about cyberbullying and how much it can ~~age~~ effect our everyday lives.

I think workshops like this for people our age are really good as they bring awareness and caution to us and lowers the chances of anything bad happening to us online.

My experience today at the Kent Police was fantastic. The Kent Police workshop will help children my age more aware of the issue. Some subjects we learnt today were the 7PS; they are, Passwords, profile, Personal information, Posts, Phishing, Protect and Parents/ carers.

We learnt that certain apps like Instagram, Facebook and Youtube have age ratings (13+)

In conclusion, this will help teach young people online safety.

Year 5 Learning

Year 5 have been thinking about amphibians and their habitats for Science. Below are some of their own creatures.
