

10th May 2023

Dear Parents / Carers

Parent Online Safety Information Workshop

We are very pleased to invite you to a workshop on **Monday 22nd May at 2.30pm** in the school hall. This will be an update on current findings about the Online safety bill and online relationships, as well as some information about trending apps and emojis.

The objectives of the session on Monday 22nd May are as follows;

- Recent research from the children's commissioner about online relationships – what are children seeing online?
- The Online Safety Bill running through Parliament at the moment and what that means for schools and parents
- The use of apps such as TikTok/Twitter and what emojis really mean

Our children are learning to navigate the world around them. This can be an exciting and curious time; however, our children must learn about trust and safety whilst they explore. Our workshop aims to help support you to enable your child to be creative and connect with the online world whilst protecting them from potential harm and inappropriate content.

We would be very grateful if you could complete the form below in order to confirm your attendance; this will enable us to prepare for the correct audience size.

We look forward to welcoming you to this very important workshop.

Many thanks

Abbie Amos
