

At Explore Kent we are excited to announce our new Junior Cycle Challenge, aimed at encouraging more children and families to get out exploring Kent on their bikes.

Young explorers can take part in the challenge and earn a certificate for their achievement.

There are 3 distances available:

🏅 Bronze (5km)

🏅 Silver (8km)

🏅 Gold (10km)

When completing their challenge parents or carers will need to send in proof that their child has completed one of these lengths along with the child's name and we will email the certificate. Proof could be a picture at the start and end of the route, a recorded GPS tracking of the route, a short video clip on the cycle, or a written description of the cycle – any of these will be accepted. Email this to explorekent@kent.gov.uk.

Accessibility Information: We want cycling and walking to be inclusive! If your young person has additional needs or a disability we can adapt the Awards. Please get in touch and tell us about your child's unique achievements so that we can send the right certificate.

If you're looking for inspiration on walking or cycling routes you can visit: [Visit & Explore - Explore Kent](#)
