Headteacher: Mr Iain Witts

16th July 2024

Dear Parents,

This week is transition week for children Year R – Year 5 children. Following the newsletter, I wanted to give you more information so that you can support us with supporting the children.

The children will register in their current class and be collected from their current classroom at the end of the school day.

The first transition session is Wednesday 17th July; this will be for a full day. The current support staff will move up to the new classroom with the children for consistency.

Thursday 18th July the children will be with their new teacher and new support staff for the full day.

Friday 19th July the children will be with their new teacher and new support staff for the full day.

Each transition session will be supported by Nurture, each child will be provided with a passport to complete, and this will allow the team to know key information about the whole child. Key information will be shared from teacher to teacher, so that the team are aware of the best ways to support the children. The class teacher will keep the passports in readiness for September and these will be referred to by the team.

Year 6 children will have a variety of activities including sports so please ensure that the children have a PE kit in school for the three transition days. The Year 6 children will also complete a passport, which will be transferred to the secondary schools in readiness for September.

I am sure that the children will be anxious and excited about the transition into the next year group, all children will be supported and I know that the children will enjoy their time in their new classroom.

Kind regards

Denise Moore

Assistant Head and SENCO
