21<sup>st</sup> March 2025

Dear Parents/ Carers,

### **Re: Breakfast Club Provision**

As you may be aware, we have been given the opportunity as 1 of 750 schools to offer all children 'a free 30 minute Breakfast Club' by the government. The government initiative states that "Free breakfast club means no child starts school hungry", therefore this is an offer of breakfast, not just additional childcare.

After reviewing the guidance provided and considering the cost to the school, manageability, and safety of the potential 420+ pupils in attendance, we are unsure if this will be viable for our setting at Kingsnorth Primary School.

To help us understand the possible uptake, please can we ask you to complete this short survey by clicking on the following link. It would help us greatly if you could please complete this by 4pm, Wednesday 26<sup>th</sup> March '25.

<https://www.surveymonkey.com/r/NDCZK6Y>

We currently host a successful Breakfast Club running from 07:45 - 08:45, with known adults, at one of the cheapest rates in the area and with a wide range of foods and activities on offer, making it good value for money.

We anticipate continuing as above. **IF** we were to add the government initiative we would review the current paid for elements and advise any changes.

We will write to you again to advise the outcome and the future of Breakfast Club from summer term '25.

Kind Regards

Mr I Witts
