

OPaL Newsletter - Term 6

“Children spend approximately 20% of their school time playing”.

As we approach the end of another academic year, we would like to thank parents for all of the support of donations to our OPaL programme.

The children have loved creating mud pies, spring rolls, sushi, fudge of many flavours and much much more! Their imaginations have run wild. Children are learning to explore, interact with their environment as well as each other. It's great to see the children support and encourage each other across the year groups.

Now for the next step, in September we need your help again.

As the wetter weather will be with us not long after we return, children will need a change of clothing. Wellie boots and rain macks or protective jacket and trousers.

Clothing to allow them to play in the mud without getting their uniform wet and muddy.

Please support your child/ren by adding this to your uniform list as you prepare for your return to school.

Here's what the children have been up to with your donations:

Thank you to Jewsons for their kind donation of timber. Also thank you for your donations from our last non school uniform day. This will enable us to develop our sand and water play and den building areas.

We hope that the children continue to practice their mud and building skills over the summer!
