Birthday Treats!

Dear Parents and Carers,

We would like to kindly remind you of our existing policy regarding birthday treats, as outlined on our website - www.kingsnorth.kent.sch.uk/parent-handbook

While we appreciate the kindness behind celebrating your child's birthday with treats, we must continue to prioritise the health and safety of all pupils by not permitting food to be shared within the school.

This helps us effectively manage the risks associated with allergies, intolerances, and diverse dietary needs, as well as support our commitment to promoting healthy eating.

No food treats will be permitted to be shared within the school environment, this includes at lunchtime and breaktime. This measure is necessary to eliminate any risk associated with allergens, cross infection and to uphold our health and safety standards.

If you wish to celebrate your child's special day, we encourage you to consider donating a book to the classroom instead. This thoughtful gesture benefits all pupils and creates a lasting positive memory. Please feel free to speak with a member of the Classroom Team for suggestions on suitable books.

Thank you for your ongoing understanding and support in helping us maintain a safe and inclusive environment for everyone.

Yours sincerely,

Mr Witts
Executive Headteacher
