Dear Parents/Carers,

Re: Introducing the Fetching App

Here at Kingsnorth, we are always looking for easier, safe and secure ways to support you as parents at drop off and pick up times. For those times when you are delayed, whether caught in traffic, late because your meeting overran, or collection from a school club.

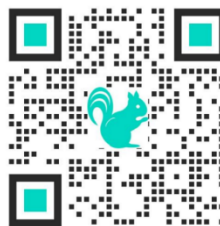

We want to help you juggle the school run with Fetching. A free app that lets you connect with friends and family to share pick ups and keeps the school informed. When using this app, you will no longer need to contact the school office as we will have access to the app and can see your pre agreed collection details, including a photograph of who will be collecting.

With Fetching, you can build a real-life support network by connecting with everyone you trust to collect your child from school. Once you have connected with these people, you can use Fetching whenever you need help with the school run. Simply raise a request using the (+) button and it will notify all of your contacts that you need help. The school system will update automatically when one of them accepts.

Please use the link below to sign yourself up to the app and share your own details. Information sharing is provided by parents not the school.

Downloading the **Fetching** app

Click the relevant icon below on scan the QR code to be taken to the correct app store for your device.

WeAreFetching.com

We have attached a self help guide to help you get started.

Yours Faithfully
