

Year 2 Newsletter

Spring Term 6 2025

Welcome to our Year 2 Newsletter for Term 6. As we move into the summer term, we are looking forward to a term of fun learning with hopefully lots of outdoor opportunities. Please see below what we will be covering this term. We are grateful for your continued support in working with us and your children.

Mrs Maund, Miss Keeling, Mrs Banks and Mrs Buczkowska

Reading

Please continue to listen to your child read daily at home and ask them questions about the story to develop their reading skills. Skills such as prediction and retelling are important along with answering inference questions. Please also work through the SATs practise books to support your child in answering written comprehension questions.

English

We will continue with Read, write, inc groups to practise blending sounds to read. Once children have become confident with this we will be focusing more on reading skills including speed reading for fluency, adding intonation and expression as well as showing understanding of what they have read (comprehension). The book we are studying during these sessions is "Diary of a Killer Cat". We ask that you do not read this at home with your child so that it remains fun and engaging and we can make predictions together. We will be developing our writing skills in separate lessons where we are very excited to be continuing our "writing for pleasure" books and practising the skill of editing within them.

Maths

In Maths, we will return to addition and subtraction. We will also look recognising coins in money and the symbols of pounds and pence. After that we will explore fractions. We will spend time revising and consolidating maths skills and knowledge gained over the year.

Science

How do plants grow?

We will continue to learn about how plants grow. The children will learn about what plants need to grow and to stay healthy. We look forward to growing some plants so that we can observe plant growth over time.

RE

Who is a Muslim and what do they believe?

In RE this term, we will continue to explore the religion of Islam. We will learn about holy words and celebrations which are important to Muslims. We will also relate this to our own experiences and beliefs and those of the religions we have already learnt about.

PE

Our unit across this term will be athletics.

Our weekly PE session will be on a Tuesday and Friday afternoon outside (weather permitting).

Your child can wear their PE kit throughout the day. We will be learning about how to change speed when we move, how to hop and how to jump from side to side with balance.

DT

We will be looking at and designing windmills. We will look at how windmills move and how to design a flower windmill that has moving parts.

PSHE

We follow Jigsaw for our PSHE learning. This term we will be focusing on how and why we change as we get older. We will consider what we have already achieved and explore what we are looking forward to in the future.

Dates to remember:

- 10.06.26 - Sikhi Workshop
- 12.06.26 - Sports Day
- W/B 22nd June- 160th Anniversary celebrations
- 26.06.26 - PFA Summer Disco
- 03.07.26 - Reports sent home
- 09.07.26 - School trip to Leeds Castle
- 17.07.26 - Open classrooms
- 21.07.26 - Last day of Term - 13.30 finish

PLEASE LOOK AT OUR WEBPAGE FOR MORE INFORMATION DURING THE YEAR ☺

If you need to talk to us at any time please call the office. 01233 622673.
