How to avoid catching or spreading germs

There is currently no vaccine for coronavirus.

However, there are things you can do to help stop germs like coronavirus spreading.

Do

Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze

Put used tissues in the bin straight away

Wash your hands with soap and water often – use hand sanitiser gel if soap and water are not available

Try to avoid close contact with people who are unwell

Don't

Do not touch your eyes, nose or mouth if your hands are not clean

Please can you only park in the disabled bays if you are a **blue badge** holder.

Please do not stop and leave your car in the drop off zone, this causes unnecessary delays in the morning. If you wish to walk your child to the door or gates, please park in a designated area.
